

National Gen Zero Scorecard Questions 2025

Generation Zero 2025 Local Elections Survey

Kia ora,

Thank you for taking the time to participate in our questionnaire and helping to make local government elections more accessible.

The survey contains questions across 6 topics. You should allocate about 30 minutes to complete it.

The answers you provide to the sections on Transport, Housing, Economic Justice, Equity and Wellbeing, Environment, and Te Tiriti o Waitangi will contribute to scores per topic, as well as your overall score.

Your overall grade may also be informed by other sources such as candidate statements and incumbent voting records (if applicable).

We encourage you to answer all questions to the best of your ability and with honesty. There will be space for you to elaborate at the end of each section if you wish. What you write may not affect your grade.

This survey has been created by Generation Zero volunteers, with the support of Renters United, Zero Waste Aotearoa NZ, and Wellbeing Economy Alliance Aotearoa.

You can request a copy of your scorecard answers at any time by emailing genzero.scorecards@gmail.com.

By continuing this survey, you accept that the answers you provide will be used to create a publicly available candidate scorecard. Do you allow us to use and publish the information given to us in this survey? *
